A Continual Strain.

Many men and women are constantly
subjected to what they commonly term
"a continual strain" because of some
financial or family trouble. It wears and
distresses them both mentally and physi-
cally, affecting their nerves badly and
bringing on liver and kidney ailments,
with the attendant evils of constipation,
loss of appetite, sleeplessness, low vitality
and despondency. They cannot, as a
rule, get rid of this "continual strain,"
but they can remedy its health-destroy-
ing effects by taking frequent doses of
Green's August Flower. It tones up the
liver, stimulates the kidneys, insures
healthy bodily functions, gives vim and
spirit to one's whole being, and event-
ually dispels the physical or mental dis-
tress caused by that "continual strain."
Trial bottle of August Flower, 25c; reg-
ular size, 75c. At all druggists.—W. T.

Healthy Mothers.

Mothers should always keep in good
bodily health. They owe it to their
children. Yet it is no unusual sight to
see a mother, with babe in arms, cough-
ing violently and exhibiting all the sym-
ptoms of a consumptive tendency. And
why should this dangerous condition ex-
ist, dangerous alike to mother and child,
when Dr. Boschee's German Syrup
would put a stop to it at once? No
mother should be without this old and
tried remedy in the house—for its time-
ly use will promptly cure any lung,
throat or bronchial trouble in herself or
her children. The worst cough or cold
can be speedily cured by German Syrup;
so can hoarseness and congestion of the
bronchial tubes. It makes expectora-
tion easy, and gives instant relief and
refreshing rest to the cough-racked con-
sumptive. New trial bottles, 25c; large
size 75c. At all druggists.—W. T.
Brooks

SUBMARINE VESSEL.

The Fulton Was Given a Suc-
cessful Test.

The Boat Made Ten Dives and One
of These Carried the Fulton to
a Depth of 20 Feet in
Twelve Seconds.

Newport, R. I., June 2.—The sub-
marine torpedo boat Fulton was given
a trial Wednesday in the presence of
a naval board which observed her
movements from the United States
steamer Hst. Capt. C. J. Train, chair-
man of the trial board, said Wednes-
day night that the maneuver was en-
tirely satisfactory. The program kept
the submarine busy from 10 o'clock in
the morning until 5 in the afternoon.
The weather conditions were unsatis-
factory, a choppy sea and heavy rain
continuing throughout the trial.

The Fulton went over the Narragan-
sett bay course twice at crushing
speed and three times at full speed,
the boat being on the surface during
the runs.

While submerged she was sent over
the course three times and covered the
same distance awash and ready to
dive. She was also tested on quick
turns and made ten dives. An ob-
server stated that one of these dives
carried the boat to a depth of 20 feet
in 12 seconds. The tests Wednesday
were the first under the appropriation
of \$850,000 made for tests of this class
of boats by the congress at its last
session.

During the Month of May.

Washington, June 2.—The monthly
statement of the public debt shows
that at the close of business May 31,

treasury, amounted to \$975,301,631,
which is an increase for the month of
\$56,447,576. This increase is account-
ed for by a corresponding decrease in
the amount of cash on hand due to
Panama canal and St. Louis exposition
payments. The debt is recapitulated
as follows: Interest bearing debt,
\$895,157,430; debt on which interest
has ceased since maturity, \$2,109,950;
debt bearing no interest, \$391,321,76;
total, \$1,288,589,149. This amount,
however, does not include \$975,109,869
in certificates and treasury notes out-
standing which are offset by an equal
amount of cash on hand held for their
redemption.
